FAITH WORKS NEWS from the HILL

FIRST BAPTIST CHURCH OF HIGHLAND PARK

“Seed Faith”

Dr. Henry P. Davis III, Pastor

Each day we can see that we’re drawing closer to the moment when we shall cut the ribbon and march into our new sanctuary at *The City on The Hill – First Baptist Church of Highland Park*, as our church continues to be “*Bible Believing, Christ Centered, & Spirit Led.*” God is already honoring the vision that He has given unto us on this hill, with the construction of our new worship center. There is no doubt in our minds that *Faith Works* and there’s power in prayer. We anticipate a great harvest of souls in our new church, but the ground work is being laid right now through evangelism, Bible Study, and preaching God’s Word.

It is both a policy and practice of FBHP that all tithes, offerings and/or gifts are maintained under strict confidentiality. This same policy and practice will be executed throughout this and all campaign and pledge fulfillment periods.

FAITH WORKS

Dr. Henry P. Davis III, Pastor

Our church is truly a miracle in motion, filled with so many wonderful people, who are so excited about what God is going to do as we continue to go higher in the Spirit. The Ministry is grateful for every sacrificial gift that has been given toward this project up to this point, but we cannot sit

back as the Lord has so much that He yet wants us to do. Our increased space will enable us to do so much more, as it is always our goal to point people to Jesus. In no way do we minimize our past, but simply seek to stand on the shoulders of the great men and women, who have gone on before us.

What we seek to do is no small task, but we've heard the saying that many hands can make the work lighter. Our church believes in the tithing principal, but on the other side of the tithe (10%) is offerings. Years ago, when I was student at Oral Roberts University, Tulsa, Oklahoma, we used to hear about the "seed faith" concept. If you want to experience a harvest, then you have to plant seeds. Every Disciple is urged to demonstrate "Seed Faith" as we still have some mountains to climb and we already know that God will meet us at each level.

Many thanks for what you have already done, but we must keep reaching higher as we see this miracle developing right before our eyes on this Hill. Thank you, in advance, for the sacrificial gifts you will present, so that you will be able to know you partnered in this vision by more than words, but with your strong financial participation.
